

OMAR AHMED ABBAS

Cairo, Egypt

+20 01001940537 omarahmed3915@gmail.com github.com/Omar-Ahmed39 Portfolio

Career Objective

Front-End Developer focused on building responsive, scalable, and user-friendly web applications. Seeking a junior role to apply strong foundations in **React** and **Next.js**, contribute to real-world products, and continuously grow as a frontend engineer.

Projects

Trendify – E-Commerce Platform

Next.js, TypeScript, Next-Auth

- Developed a fully responsive e-commerce web application using **Next.js App Router** and **TypeScript**.
- Implemented secure authentication and authorization using **Next-Auth** with protected routes.
- Built cart and wishlist functionality using **Server Actions** for efficient server-side operations.
- Managed global application state using **React Context API** for a consistent user experience.
- Integrated external REST APIs to dynamically fetch and display product data.
- [🔗 Live Demo](#) [📁 GitHub](#)

Recipe App

React, React Router, REST API

- Built a single-page application for browsing and exploring cooking recipes using **React**.
- Implemented client-side routing with **React Router** for smooth navigation between pages.
- Consumed an external Recipe API to fetch recipes dynamically based on user interaction.
- Designed a responsive UI to ensure usability across different screen sizes and devices.
- [🔗 Live Demo](#) [📁 GitHub](#)

Start Framework Template

React

- Developed a reusable and modular front-end framework using **React**.
- Focused on component reusability and clean project structure for scalability.
- Built responsive layouts suitable for landing pages and small business websites.
- [🔗 Live Demo](#) [📁 GitHub](#)

Personal Portfolio & DevFolio

HTML, CSS, Bootstrap

- Designed and implemented responsive portfolio websites to showcase projects and skills.
- Applied modern layout techniques using **HTML5**, **CSS3**, and **Bootstrap**.
- Focused on clean UI design, accessibility, and cross-browser compatibility.
